Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 13th September 1886.

READ THE FOLLOWING PAPER—

Letter No. 137, dated 20th May 1886, from Deputy Commissioner, Mysore District, requesting instructions on certain points connected with the introduction of a Revenue Settlement into the Jodi Rampur villages resumed by Government.

CAMP NO. 579—80. DATED 13TH SEPTEMBER 1886.

ORDER THEREON.—The Dewan approves of the Deputy Commissioner's action, as reported in the letter read above,

1*st*, in assessing unauthorized encroachments (para 6);

2*ndly*, in raising the uncalled-for low rates fixed by the Jodidar since Vikrama (para 7);

3*rdly*, in restoring the old assessment on some gardens and wet fields, which had been unnecessarily converted by the Jodidar into dry rates (para 8);

4*thly*, in confirming to old occupants lands which had been struck off from their holdings without their relinquishments (para 9); and

5*thly*, in revising with reference to prevailing neighbouring rates the *ieet* and *bengar* assessment arbitrarily imposed by the Jodidar on lands enjoying no irrigation or but insufficient irrigation (para 10).

2. The Deputy Commissioner will be requested to submit a villagewar statement showing the increase or decrease due to each of the abovementioned causes, together with the increase due to lands newly taken up on darkhasts. The statement should show particulars of dry, wet, garden or bengar under each head.

3. A sum of Rs. 71—4—0 is entered as the amount of quit-rent leviable on minor inams confirmed by the Inam Department. This is right as far as it goes; but from Statement D submitted by the Deputy Commissioner, there is reason to apprehend that more land is enjoyed as inam than what has been actually confirmed by the Inam Department. The Amildar should be directed to go into this question fully and find out whether the minor inamdars enjoy as inams any fields other than those confirmed to them by the Inam Department, or whether they have encroached beyond the limits of the fields so confirmed to them. Any excess thus discovered of entire fields or parts of fields should be charged with full assessment. It must be pointed out, however, that what is above directed is not an adjudication of what is technically called "Excess in Minor Inams,"—an operation reserved for the Survey Department—but an enquiry as to whether an Inamdar is in possession of more fields than have been confirmed to him by the Inam Department.

4. In para 17, the Deputy Commissioner refers to minor inams granted by the Jodidars. These grants determine with the determination of the Jodidars' title for default of the payment of the Government revenue (*vide* terms of the notification of the sale of the villages for arrears of Government revenue). The inams in question must accordingly be resumed, but the lands should be left in the occupation of the grantees and charged with the full Government assessment. An exception must however be made in the case of inams granted by the Jodidars for service (Naukari) and for temples (Devadaya). The Government are not bound to continue these inams, but it may be advisable in the public interests to continue them if, in the case of Devadaya inams, the temples to which they are attached be in good and efficient order, and, in the case of service inams, the service be actually performed and necessary. The Deputy Commissioner will therefore submit a statement showing the Naukari and Devadaya inams which he would recommend to be confirmed, and he will at once charge full assessment on all other inams granted by the late Jodidars.

5. On the principle above laid down, the sub-jodi of the Maralur village must also be resumed. The village should be treated as a Government village, and every field in it, not being a minor inam coming under the last paragraph, should be charged with the full assessment. The sub-jodidars of Maralur may have confirmed to them such *Panya* lands as may be in their actual occupation, subject however to the payment of full assessment to the Government. The batayi lands in Maralur may also be confirmed to the sub-jodidars on Nagadiyat assessment, on the distinct understanding that they (the sub-jodidars) recognize the occupancy rights of the actual cultivators of such lands.

6. In para 16, the Deputy Commissioner brings to notice the case of certain batayi lands granted by the late Jodidar Mallappachetti to certain individuals upon unduly low rates of assessment and under circumstances which are suggestive of the suspicion of fraud. It is not necessary, at present, to form a definite opinion as to the fraudulent nature of these transactions. The grants are in themselves illegal, because they in effect deprive the batayi occupants of the lands to the continued occupation of which they are entitled, as a matter of right. The grants in question should therefore be cancelled, and the lands should be confirmed to the batayi occupants to each of whom a regular patta should be granted for the land under his occupation, a Nagadiyat assessment being fixed for the next two years as an arrangement avowedly temporary.

7. The villages in question have been so thoroughly mismanaged by the Jodidar that arrears against the ryots are shown in his accounts from so far back as 1866. It is extremely undesirable that Government should now make any enquiry into these stale demands, or take any steps to realize them. Arrears said to be due for 1881--82 and previous years, whether as kandayam from ryots or as jodi from minor inamdars or from the Maralur sub-jodidars, will be regarded as remitted. The arrears of jodi for which the villages were sold by Government were those of 1882—83 and 1883—84. Such portion of the land revenue of these two years as upon enquiry may be found not to have been paid to the Jodidar, as also the unrealized demands for 1884—85 and 1885—86 should be collected in due course.

8. The abkari contractors, during their present contract, are bound to pay to the Government the sum of Rs. 1,421—8—0 per annum, which they used previously to pay to the Jodidars, as this amount must be held to be over and above the amount of the Government abkari contract. During the next abkari contract of course there would be no such separate levy.

9. The Deputy Commissioner will be requested to submit a villagewar statement of the jamabandi of the villages in question revised in accordance with the instructions contained in paras 3 to 8.

10. The retention of a Shekdar on Rs. 10 and two Peons on Rs. 4 each per mensem, for the management of the villages in question, is sanctioned until further orders. The villages seem to be too small a charge for a separate Shekdar, and the Deputy Commissioner must take steps after the introduction of the Survey Settlement into the Taluk to amalgamate these villages with a neighbouring hobli.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue).—dated 18th September 1886.

CAMP NO. 618, DATED 18TH SEPTEMBER 1886.

ORDER.—The improvement and extension of the north channel drawn from the Kapani river near Rampur are now under the consideration of the Government. The channel will traverse the villages noted in the accompanying list and is roughly estimated to cost 3 or 4 lakhs of rupees. The area of land which can be brought under irrigation is estimated at 4,950 acres as shown below :—

		Acres.	
A	*Formerly under irrigation.*		
1.	Under the channels in question.		
	(*a*) Classed now as wet	730	
	(*b*) Do as bengar .. .	143	
2.	Under disused portions of the Rajaparamesvari	329	
		———	1,202
B	*Dry lands, Inam and occupied Government lands.*	3,656	
	Unoccupied Government lands ..	92	
		———	3,748
		Total Acres..	4,950

2. As the work in question will create a means of irrigation which virtually does not exist at present, it is but fair that the lands commanded by the channel should contribute a quota of the cost. The value of these lands will be increased ten and twenty fold when the proposed irrigation is established, and it would be in accordance with existing practice to call upon the holders of lands thus to be benefited (whether they be Inam or Sarkar) to pay a fixed contribution towards the original cost of the work at so much per acre. After personal discussion with the principal landholders under the proposed extension, in the presence of the Deputy Commissioner and the Amildar, the Dewan came to the conclusion that the following rates of contribution would be fair and reasonable.

For lands now paying dry assessment,				Rs	30	per acre as ascertained on survey.	
Do	do	bengar	do	„	20	do	do.
Do	do	wet	do	„	15	do	do.

These contributions will be payable on the completion of the work, the lands brought under irrigation being thenceforth liable to full wet assessment or water rate according as they are Sarkar or Inam.

The landholders present agreed to these rates and promised to execute the necessary mutchalikas. A form of mutchalika is appended for adoption, and the Deputy Commissioner is requested to issue the necessary orders to the Amildar to take mutchalikas from the ryots concerned and forward them to this office within a fortnight from this date, together with a statement showing particulars of the area likely to be brought under irrigation in each village, the increased revenue derivable therefrom and the amount of contribution promised.

3. Pending the completion of the extension, the Deputy Commissioner is requested to direct the Amildar not to accept any applications for unoccupied arable lands under it likely to be converted into wet. When the extension is completed, such lands may be divided into convenient blocks and sold to the highest bidders at an auction.

4. The Superintendent of Revenue Survey will be requested to cause the lands under the proposed channel to be surveyed during the next working season so as to facilitate the exact determination of the contribution recoverable from each individual holding as directed in para 2 above.

ORDER THEREON.—With reference to the recommendation contained in the letter above read from the Inspector General of Forests and having regard to the recent order of the Madras Government on the subject, the Dewan is pleased to sanction the adoption of the following rules in supersession of the orders contained in the Proceedings of 17th November 1884, and 22nd November 1885.

" 1. Elephant tusks form an item of royalty, and therefore the tusks of all wild elephants which may be destroyed, whether on private or Government property, belong to Government, and should accordingly be handed over to the Deputy Commissioner.

2. Licenses granted by Government under Section 7 of the Madras Act I of 1873 for the destruction of wild male elephants shall be subject to the condition that the person to whom such license is granted shall surrender to Government the tusks of the elephants destroyed.

3. If the person who shoots an elephant wishes to keep a tusk as a trophy, he will be allowed to buy the shorter of the two tusks at 75 per cent of the market selling price of ivory. If the elephant shot has but a single tusk, and the person shooting it desires to keep it, the same will be sold to him at the full market price."

2. The rules will be published in the official Gazette and a copy of them shall be printed at the foot of every license granted hereafter.

From the Assistant to the Resident in Mysore, To the Dewan of Mysore, No. 2114—385, dated Bangalore, 27th August 1886.

I am directed to inform you that in Proceedings No. 2847 I., dated 11th August 1886, the Government of India in the Foreign Department have prescribed new rules and a fresh form of return in respect of the Europeans and Eurasians employed in Native States.

2. A copy of the return as now prescribed is enclosed for information and guidance and should be strictly conformed to in the preparation of future annual returns for Mysore.

3. The Government of India have directed that—

(i.) Applications for leave to employ Europeans either temporarily, or permanently, should be submitted for the sanction of the Governor-General in Council and the *sanction should not be anticipated.*

(ii.) The employment of Eurasians need not be formally sanctioned, but the annual returns should contain lists of such persons and the particulars about them specified in the form.

(iii.) The term European in the return includes Americans and Australians.

(iv.) In all doubtful cases a reference should be made for the consideration of the Resident as to whether an employé is to be considered an European or Eurasian.

4. I am to request that these instructions of the Government of India may be scrupulously observed in future.

READ THE FOLLOWING PAPERS REGARDING THE MYSORE FORT DRAINAGE —

From the Superintending Engineer of Mysore, To the Dewan of Mysore, dated Mysore, 19th July 1886.

I beg to submit for your consideration the accompanying Memorandum on Mr. Standish Lee's Report and estimates for the drainage of the Fort at Mysore.

The project which I have studied closely and to the best of my ability is, in my judgment, a sound one and will meet requirements.

The estimates are not in detail, but I have accepted them and I think they may be sanctioned, subject to some further scrutiny and to the remarks regarding probable insufficiency which I have made in my note. The scheme has been I think well worked out, and I shall be glad if you can see your way to making an early grant for the same, as well as for the clearing away of the houses round the Palace as proposed in a recent memo. These are crying wants in the immediate interests of the Royal Family, as well as on general sanitary grounds, for an epidemic might any day break out in the Fort with disastrous consequences, and I am anxious to see work started with the least possible delay and a great deal of it done before His Highness' return to the Capital.

I reserve for your personal orders a proposal regarding the superintendence and carrying out of this work, as of other improvements in Mysore.

—

Memorandum by Major Bowen, dated 19th July 1886

Drainage of the Fort of Mysore.

In his project for the drainage of the Fort of Mysore, Mr. Standish Lee provides for dealing separately with the sewage and rain-water; the sewage to be carried off by a carefully planned system of glazed stone-ware pipes, the storm water by the existing V shaped street side drains and the old brick drains which will be thoroughly repaired.

2. It may be accepted at the outset that, in this case, the principle of separation of the sewage from the rain-fall is the correct one to adopt, and after careful study of the details of Mr. Lee's scheme, I think the same may be sanctioned with some minor modifications.

3. I may state at once, however, that an essential factor of this scheme is the "House drainage" without which all the rest is useless; and the very first thing to settle is the incidence of the charge for house drains and their connections with the street drains. On this point I invite attention to Mr. Lee's remarks on page 17. I quite agree with him as to the desirability, nay the absolute necessity, of the Municipality undertaking this portion of the work. Apart from the certainty that the house-holders would evade the duty of providing house drains if thrown on them, they would do the work imperfectly if they undertook it at all, and everything depends on the thorough efficiency of these house drains and connections, which must be laid and jointed with the greatest care. But the State cannot be expected to meet the cost of the drainage of each individual house. It must rest with the Municipality to supply the funds and execute the work. In their present financial condition they cannot do this, a part from the fact that the inhabitants of the Fort have not a first claim on the Municipal resources, and the question therefore resolves itself into one of taxation. This question I have no voice in, but I beg it may be settled without delay, for the sanitation of the Fort calls in my opinion for immediate action. So much so that pending this settlement, I would advocate work being started by means of a loan from the State, to be recovered hereafter from the Municipality.

4. Mr. Lee's plan provides for a properly trapped and syphoned house drain to each house or group of huts, discharging into street sewers which follow the natural fall of the ground until, after crossing the lowest drainage line, they empty themselves into the main sewer which will run along the foot of the eastern rampart.

5. The size of the primary sewers and branches is 3 inches; the secondary sewers in part 4 inches, but the greater part 3 inches; the main sewer at commencement 3 inches, a short length 4 inches, and then 6 inches to the out-fall. The material glazed stone-ware pipes, Doulton's manufacture. As regards these sizes I do not agree. The falls available are considerable, and theoretically the sections of pipes are sufficient, but considering the general nature of the sewage and difficulties of flushing, &c., I think a size larger should be allowed all round; allowing then 3 inches for the house drains, the primary sewers should be 4 inches, the secondary 6 inches, and 1,227 feet of the main 8 inches.

6. Agreeing with Mr. Bayly's remark that "it would be a great mistake to put down anything but the very best glazed pipes" (page 5, Appendix A), I am quite in favor of Doulton's stone-ware pipes, but the rate of exchange is now so serious a matter, and vitiating already as it does Mr. Lee's estimates of 1885, I recommend the adoption of pipes from the Ranugunge pottery works. I had recently the opportunity of inspecting a consignment of these and I think that, though inferior to Doulton ware, they will quite answer the purpose, but if possible we should get them with the inner surface glazed as well as the outside. I am inclined too to doubt the accuracy of Mr. Lee's remark, page 6, that the prices of the English manufactured pipes are but "slightly higher" than those of Indian manufacture. With a fast falling exchange which has already touched 1 *s.* $4\frac{7}{8}$ *d.*, it would certainly be unwise to commit ourselves to a heavy consignment of English ware, when we have pipes made in the country that are sufficient for our purpose.

7. I had at first determined to abandon Mr. Lee's alignment along the eastern rampart for the southern half of the main sewer, proposing instead the alignment along the natural and lowest drainage line through street running parallel to the rampart. My object was to avoid difficulties in carrying the secondary pipes across the brick drain which now runs down this street and the sinking of the main sewer to a depth greater than would be necessary if it followed the lower gradient, to say nothing of two sharp bends, one at south-east corner of Trinesvaraswami temple and the other under the bastion immediately east of last point. However, I waive this objection until we come to actual setting out of the work and excavation, I have discussed it with Mr. Lee and the question can stand over.

8. The five sharp bends at the out-fall round the water gate bastion are objectionable, but this can be readily remedied by carrying the main sewer straight through the rampart. Mr. Lee indeed, in page 10, states that it would be preferable to carry it (the main sewer) through and under the rampart in a straight line, and goes on to say that when the works are in progress, "the driving of a tunnel under the rampart would be a simple matter," &c. It will be far better, however, to clear away bastion and ramparts entirely at this point, and this can be done by convict labor.

9. In para 7 I have alluded to possible difficulties in carrying the secondary sewers across the old brick drain in the street parallel to the eastern rampart. Similar difficulties may occur in carrying the house pipe branches across the **V** or other existing street drains. This point of detail has not yet been considered and must remain over until we come actually to lay the drains in any given street.

10. Provision is made for flushing, through man-holes, by Kukarhalli water. This is all very well if Kukarhalli water were available, but it is not. In the far future it may be, but in meantime, cleaning the sewers periodically being essential, the Municipality must be prepared to entertain a sufficiency of water carts for the purpose.

11. The provision made for man-holes, lamp-holes, ventilating shafts, traps, gullies, &c., &c., seems to me proper. I would deprecate, however, the provision for

any elaborate contrivances, such as special ventilating apparatus and charcoal baskets illustrated in Plate V and stated in page 8 to have been provided (though in the estimate I do not see that they are provided). I do not think they are called for, at all events just yet, and the charcoal baskets would be, I believe, useless after a very short time.

12. In page 11 of the report, Mr. Lee deals with the question of sub-soil drainage, the necessity for which was specially adverted to by Dr. McGann. Any special provision for this seems to me quite unnecessary, the soil being dug and never water logged. Mr. Lee proposed to pack one-fourth of his pipe sockets at the top with well tampered clay, the remaining three-fourths with Portland cement. It appears to me that whilst the object of this is to allow sub-soil water to percolate into the sewers, there would be none to speak of to percolate *in*, whilst sewage water in the drain when bore full would certainly percolate *out*, a much more serious evil than a saturation of the soil by rain-water, which can but seldom if ever occur. I think water-tight joints as perfect as we can make them are desirable. We can never make them quite water-tight, but we should not purposely make them less water-tight than we can. Mr. Lee has to advance in favor of the partial clay joint the liability to fracture resulting from a cement joint all round, but so far as I can see as yet I cannot admit the force of it, whilst I see the strongest arguments in favor of perfect jointing. In my opinion then sub-soil drainage may be entirely disregarded.

13. The main sewer will empty itself into the present town out-fall drain at a point beyond the water-gate bastion, and the sewage will be carried to a proposed sewage farm to be established a short distance further on below the Dodkere bund. I cannot speak as to the feasibility of working such a farm in Mysore, but similar farms in Madras have been I believe successful, and it is an effective means of disposing of the sewage, always a difficult point, and if not so utilized the sewage, wherever the final out-fall, must prove a nuisance. It is for the Municipality to work this part of the problem out.

14. Flood water is to be carried off by the existing masonry drains which are to be made good. This arrangement will answer, but I think Mr. Lee underestimates the cost of the work required, and I think the floors should be relaid throughout, not only to ensure free discharge and avoid silting, but in view of the certainty that some sewage will find its way into the drains.

15. I quite endorse Mr. Lee's remarks on conservancy in page 26. Proper scavenging is and ever will be in the crowded slums of the Fort a first essential. The construction of privies and urinals in suitable situations will be very desirable, and if the male population can be induced to resort always thereto, this alone will be a great reform. They are not provided for in the estimates, but can be taken in hand after the sewers have been laid.

16. I now come to the estimates which are—

	Rs.
Palace Sewers	3,000
Public Street Sewers	13,000
Sewage farm	3,000
House drain connection	14,000
Repairing Masonry drain	2,000
	35,000

Deducting from this the Palace sewers (*to be carried out from Palace funds*) and the house-connections (to be carried out by the Municipality by means of a loan), we have Rs. 18,000 to be met by a Provincial Grant.

But in the above estimate English stone-ware pipes are provided, and the great fall in exchange since the date the estimates were prepared has already enhanced the

rates quoted. I have proposed Ranugunge pipes as an efficient substitute, but I doubt whether the prices quoted will even cover the cost of these, and breakages have to be considered as well as many contingencies and sundries, which must occur in such work and are difficult to foresee. It is true superintendence and sundries have been allowed in the estimate, but I would certainly add to the total 10% for contingencies, and I believe it will be found that the repairs of the masonry drains will cost double at least what Mr. Lee has allowed. Taking all round I believe Rs. 25,000 from "Provincial" will be required, and I venture to recommend that the estimates for the street sewers, sewage farm, and repairing of masonry drains, be sanctioned up to this amount. The Palace sewers have already been taken in hand in anticipation of funds being forthcoming from the Palace Treasury, this work being urgent; and the funds for the house drains should be provided as indicated in para 3 above.

17. I cannot press too strongly the necessity for adopting vigorous measures to improve the sanitation of the Fort, and I earnestly beg for an early disposal of the question of funds and for leave to commence operations without further delay. Details of execution, establishment, supervision, &c., have yet to be considered, but for the present at all events the work must be undertaken under the personal direction of Mr. Standish Lee. This gentleman, who has given much care and thought to the subject and who has, in my judgment, effectively solved a difficult question, is more competent than any officer I have available to see his own scheme satisfactorily carried through to completion.

Dewan's Orders, dated 15th September 1886.

Mysore Fort Drainage.

I have always been of opinion that the separation of sewage from rain-fall is the correct principle to adopt in dealing with the drainage of the Fort and City of Mysore. Mr. Standish Lee's scheme as regards the Fort which is based upon this principle is accepted by the professional advisers of Government as suitable in every way, with a few slight modifications of detail. The work is one of great urgency in the interests of the Royal Family, and on grounds of the general sanitation of the Capital of the Province. The Municipality are unable to undertake it owing to want of funds, and of the requisite professional agency.

2. Under such circumstances, with the approval of His Highness the Maharaja, I have already intimated verbally a general sanction of the scheme and now proceed to record such sanction subject to the following remarks :—

I. *House Drainage.*—The Government cannot be expected to execute at the public cost the connections between the individual house drains and the street drains. This work must be carried out at the cost of the individual house owners, but by the professional agency under the Government, which alone is capable of carrying it out in an efficient manner. It is thus necessary to call upon the Municipal Board to collect the requisite funds from the house owners in such way as it may deem proper, either in a lump sum or by instalments from each individual house owner, or by resorting to additional taxation at so much per rupee of the present house-tax. The house drainage is estimated to cost Rs. 14,000, and this is the sum which the Municipality have to provide in the manner above indicated.

In the meantime, if necessary, the amount in question will be found by Government and treated as an advance to the Municipality.

II. *Palace Drainage.*—This work is estimated to cost Rs. 3,000. His Highness the Maharaja approves of it and it is accordingly sanctioned, the amount being charged to the Palace Budget in communication with the Comptroller. The work is already in progress.

III. (*a*) *Street Drains for Sewage.*
(*b*) *Repairs to existing Masonry Drains for Storm water.*
(*c*) *Sewage Farm.*

These works which are proposed to be carried out from Provincial funds are estimated for by Mr. Lee as follows :—

		Rs.
(*a*)	Street Drains	13,000
(*b*)	Repairs to Masonry Drains	2,000
(*c*)	Sewage Farm	3,000
	Total....	18,000

Major Bowen who has studied the subject carefully is of opinion that this estimate is too low, and asks for a sanction of Rs. 25,000. The details for the larger amount are not given, but it is said that the anticipated increase would be due chiefly to—

1stly. Increased dimensions of stone-ware pipes for the sewage drains.

2ndly. Increased cost of stone-ware pipes owing to fall in exchange.

3rdly. Probable greater cost of repairing the masonry drains for storm water

and 4thly. Probable greater cost of superintendence, &c.

Under these circumstances, the works in question are sanctioned and they should be pushed on to completion with vigor. A sum of Rs. 25,000 from Provincial funds will be placed at the disposal of the Public Works Department for the purpose on the understanding that regular revised estimates will be prepared as the work proceeds.

3. Thus the total sanctioned for the drainage scheme of the Fort is Rs. 42,000 as follows —

i. *House Drainage*—Rs. 14,000 to be provided by the Municipality.

ii. *Palace Drainage*—Rs. 3,000 to be provided out of the Palace Budget.

iii. (*a*) *Street Drains for Sewage.*
(*b*) *Masonry Drain repairs.*
(*c*) *Sewage Farm.*
} Rs. 25,000 to be provided by a grant from Provincial funds.

4. There are a few questions of technical detail which Major Bowen's Note brings to notice—

1stly. As regards the dimensions of the stone-ware pipes to be used, I think it is right to err on the side of safety, taking care at the same time not to make the pipes too large for efficient working.

2ndly. I understand from Major Bowen that, since his Memo of 19th July last was written, he has ascertained that the English manufactured stone pipes are cheaper than the comparatively inferior Ramagunge pipes. If this be so, there is no longer any doubt that we must use the best English pipes. If Ramagunge pipes are at all used, they must be glazed also in the inner surface.

3rdly. The alignment of the south half of the main sewer is said to require possible alteration. This is a matter with which Major Bowen will of course deal hereafter.

4thly. The out-fall of the main sewer at the water-gate bastion doubtless requires alteration so as to avoid the necessity for five sharp bends. If the entire removal of the ramparts and bastion would be an advantage from a sanitary point of view and if it can be effected by convict labor, then it would doubtless be the best plan. But there are sentimental objections to the removal bodily of so large a slice of the Fort, and after all when such removal is effected, we open out an unsatisfactory piece of landscape and the gain to sanitation and ventilation is problematical. The question appears

to me to require further study, and if the "total removal" plan is abandoned, tunnelling under the ramparts must be done so as to avoid the five sharp bends.

5thly. The arrangements in connection with man-holes, lamp-holes, ventilating shafts, &c., should be simple and such as can be efficiently worked by the ordinary agency at the disposal of the Municipal Board, and it is therefore essential that elaborate contrivances should be avoided as much as possible.

6thly. I agree that provision for the passage of sub-soil drainage into the sewage pipes may be omitted. It is important that the sewage should not percolate into the sub-soil. The sub-soil drainage may be left to find its way by the sides of the sewage pipes, which cannot present any obstacle worth taking into consideration.

7thly. The present masonry drains should be thoroughly repaired and should be used for the passage of strom-water to the exclusion, as complete as possible of the sewage.

5. I now come to certain questions of high sanitary importance with which th Municipality alone can adequately deal—

1stly. Without an efficient system of daily conservancy, the best devised drainage scheme can go but a small way towards the improved sanitation of the Fort. I commend to the attentive consideration of the Municipal Board. Major Bowen's observations on this subject in para 15 of his Memorandum and those of Mr. Standish Lee in para 26 of his Report.

2ndly. The efficiency of the drainage scheme now sanctioned must depend upon systematic flushing. It will rest with the Municipal Board to arrange for employing the necessary number of water carts and properly to flush every drain. The Kukarhalli water is not likely to be available for this purpose at least for several years to come, and there is thus no other alternative but to employ water carts for the purpose.

3rdly. The final disposal of the sewage must also be left to the Municipality. The best plan apparently is to utilize the sewage on a sewage farm at a proper distance from the inhabited parts of the City. The lands required for the purpose will be acquired by the Government and made over to the Municipal Board, which can thereupon work the sewage farm. The ultimate disposal of the sewage so as to render it inocuous is an important consideration, for without it the drainage scheme can only intensify the danger of sewage poisoning.

No. 4801-2—472, DATED 18TH SEPTEMBER 1886.

ORDER.—Copies of the foregoing papers will be communicated to the President of the Mysore Municipality with a request that needful action may be taken by the Board for recovering from house owners within the Fort the cost of the house-drainage in accordance with para 2, clause 1, of the Dewan's orders.

2. The special attention of the Municipality is invited to the sanitary measures referred to in para 5 of the orders above quoted.

R. VIJAYINDRA RAO,
Chief Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works Department),—dated 14th September 1886.

No. 4118—702.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,
Bangalore, 14th September 1886.

From

Major C. Bowen, R. E.,
Secretary to the Government of Mysore, P. W. D.

To

The Educational Secretary to the Government of Mysore.

Sir,

With reference to your letter No. 1606, dated 13th ultimo, I have the honor to inform you that the Mysore Government has sanctioned the arrangement of entrusting you with the entire management in future of the annual grant from the "Educational Cess Fund." This will enable your Department to deal with the petty construction and repairs of *all* Taluk and Hobli Schools, without any money limit, such as that fixed in para 5 of this Office Circular No. 81 of 29th July 1886 for Taluk Schools.

II. By the above arrangement all connection of the Public Works Department with the "Educational Cess Fund" having been severed, the expenditure incurred from that Fund will, in future, have to be rendered by you direct to the Comptroller of Mysore, instead of, to the Examiner, Public Works Accounts. The orders contained in paras I and II of Proceedings No. 1927—50, dated 17th April 1885, so far as they relate to this Fund, may be considered cancelled.

III. As regards the sanction and execution of repairs to the Central College and to District School Houses, which are debitable to Provincial Funds, the orders contained in para 5 of this Office Circular No. 81 of 29th July 1886, hold good. Your Department will carry out work to these School Houses when the cost is within the limits fixed in the Circular; but when more expensive, Executive Engineers will do so.

I have the honor to be, &c.,

C. BOWEN, MAJOR, R. E.,
Secretary to the Government of Mysore,
D. P. W.

Circular No. 99.

MEMO.

Copy forwarded to all Executive Engineers, and Deputy Commissioners, Examiner and Comptroller for information.

RECEIPTS.

2. In consequence of the reduction in the number of articles subject to octroi in Hunsur and Seringapatam and the abolition of the tax in all the other Municipalities in the Mysore District, recently sanctioned, the receipts from this source of revenue show a slight falling off in the current year. The estimates under the other heads of receipts are moderate and call for no remarks.

EXPENDITURE.

3. *Collection.*—The charge provided for on account of collection comprises the commission of 5 per cent on the octroi collections to the revenue officials at Hunsur and Nanjangud and the establishment at Seringapatam which, as recently revised and reduced on the recommendation of the Sub-Division Officer, French Rocks, amounts to Rs. 58 per mensem as detailed in the margin.

Details.	Cost per annum.

4 Assistant do „ 6 ...	288
1 Peon „ 5 ...	60
4 Peons at Rs. 4 each ...	192
Contingencies	36

Total Rs. 58 per mensem or Rs. 696 per annum.

4. As regards the establishment for the collection of mohatarfa, the Sub-Division Officer, French Rocks, considers the services of a Paigast necessary for the purpose of supervision and accordingly provides for one on Rs. 8 in lieu of a peon on Rs. 5 per mensem. The provision is passed.

5. *Head Office.*—The estimate under "Head Office" consists of the items noted in the margin. As the French-Rocks Sub-Division now forms part of the Mysore District, a portion of the cost of the District Office Municipal establishment is also charged rateably to three of the Sub-Division Municipalities, *viz.* Attikuppa, Maddur and French-Rocks. The peon in this establishment is considered necessary by the Deputy Commissioner. There is, however, no such peon in the Bangalore District. The Deputy Commissioner is therefore requested to take the earliest opportunity of providing for this peon elsewhere with a view to relieve the Municipal funds of the charge on this account.

8. *Educational Charges.*—In Dewan's Proceedings No. 2150—2 of 16th October 1885, the Sub-Division Officer, French Rocks, was authorized to start an English school at Seringapatam, the monthly cost not exceeding Rs. 25 to be charged in the proportion of ¼th to the Provincial and ¾th to the Municipal funds, to which the fees realized in the school are to be paid. The charge to be retained in the budget of the town will accordingly amount to Rs. 225.

9. The estimate entered for the dispensary at Seringapatam is Rs. 300 against Rs. 120 in the past year. No details have been furnished for the estimate and no explanation has been given for the increase.

10. *Medical Charges.*—The budget of Nagamangala does not provide for the cost of the dispensary at that station debitable to Municipal funds. The omission has been supplied by this office.

11. The Municipal Board of Seringapatam propose the entertainment of a Vaccinator at Rs. 10 per mensem. The proposal is approved and the provision of Rs. 120 made therefor in the budget of the town is passed.

Tirumakudlu-Narsipur.	Increase per annum

Cart at Rs. 15 instead of Rs. 12 ...	36
Total.. ...	180

12. *Conservancy.*—Under the head "Conservancy" a small increase of Rs. 180 is entered as shown in the margin. This is sanctioned.

13. *Lighting.*—A lump-sum of Rs. 500 is put down for lighting in Seringapatam which exceeds the past year's estimate by Rs. 200. This increased provision which is said to be required to meet the cost of additional lamp posts, &c., needed for the town is allowed to stand, subject to full details being furnished for the same.

14. *Miscellaneous—Pound Charges.*—The Sub-Division Officer, French Rocks, remarks that the present management of the cattle pound at Seringapatam is unsatisfactory and recommends the entertainment of 2 pound keepers at Rs. 5 per mensem, one for Seringapatam and the other for Ganjam, temporarily for one year. The recommendation is approved.

15. With the above remarks the Budgets under review are sanctioned.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 16th November 1886.

READ THE FOLLOWING PAPERS :—

From the Secretary to the Chief Commissioner of Mysore, To the Chief Secretary to the Government of Madras, Ootacamund, G. No. 5825—J. 35.

In annexing copy of a letter addressed to this Office by the District Magistrate, Nilgiris, on the 9th August last (which should more conveniently and regularly have been sent to the Madras Government), I am desired to communicate the views of the Chief Commissioner on the several points on which information is sought by that officer, in order that the Government of Madras may be in a position to issue the necessary instructions to the Magistrates and other officers concerned in the Madras Presidency.

2. In answer to the first enquiry, *viz.* whether summonses and warrants issued by Magistrates in the Madras Districts for execution in Mysore may be sent direct to Magistrates and Police Officers by post, I am to state that all such processes may be sent in the manner stated, direct to the Magistrates of Districts or Taluks in Mysore accompanied by postage labels sufficient to cover the cost of return postage.

3. Warrants, other than those issued under the provisions of Act XIII of 1859, will be executed by Police Officers in Mysore, and the persons arrested under such warrants will be conveyed by them to the frontier and handed over to the nearest Police-station within British Territory. The Chief Commissioner assumes that arrangements will be made to receive all prisoners so delivered. In these cases the Mysore State will bear the cost of batta to the prisoners, and of the guards required to escort them to the frontier.

4. In regard to the execution of warrants issued under Act XIII of 1859, special provision will be necessary for the removal of prisoners, and in order to meet the cost of batta and escort thus involved, the Chief Commissioner proposes that each warrant should be accompanied by a remittance of Rs. 7 (seven). The actual cost incurred may be more or less than this sum, which as representing however a fair average might be suitably fixed for all cases alike, so as to obviate the necessity of adjustment on account. I am desired to ask whether His Grace the Governor in Council is prepared to accept this arrangement in order that instructions in accordance therewith may be issued to the Magistrates in this Province.

From the Acting Chief Secretary to the Government of Madras, To the Chief Commissioner of Mysore, Judicial Department—Processes—No. 2555—A., 18th December 1878.

I am directed by His Grace the Governor in Council to acknowledge receipt of Major Clarke's letter, dated 28th October 1878, No. 5825—35, intimating the arrangements made for executing Mysore warrants and other process issued by Magistrates of Madras Districts, and to convey the thanks of this Government for your good offices.

2. The arrangements made by you are quite satisfactory to this Government, and the necessary instructions have been issued to the officers concerned.

ORDER No. 8761—JUDL. 12, DATED BANGALORE, 21ST JANUARY 1879.

The arrangements proposed by the Chief Commissioner for the execution in Mysore of warrants and other processes issued by Magistrates in the Madras Presidency having been accepted by the Madras Government, the following instructions are issued for information and guidance :—

I. Warrants and other processes issued by Magistrates of Madras Districts for execution in this Province, and addressed by post to the Magistrates of Districts or Taluks in Mysore, will be accompanied by postage labels to the amount sufficient to cover the cost of return postage. When unaccompanied by any remittance, the warrant or summons will, after being duly executed, be returned by post "Bearing."

II. Warrants, other than those issued under the provisions of Act XIII of 1859, will be executed by Police Officers in Mysore, and the persons arrested under such warrant will be conveyed by them to the frontier and handed over to the nearest Police-station within British Territory, where arrangements will be made to receive all prisoners so delivered. In these cases, the cost of batta to the prisoners and of the guards required to escort them to the frontier will be borne by the Mysore State.

III. Warrants issued by Magistrates in the Madras Presidency under Act XIII of 1859 must be accompanied by a remittance of Rs. 7 for each person whose arrest and delivery is required, and in consideration of such payment, all charges incurred within the Province in providing food and escort for prisoners will be defrayed by the Mysore State.

2. Deputy Commissioners of Districts will communicate copies of this order to all Magistrates and Police Officers within their jurisdiction.

Read Letter No. 3071—370, dated 5th December 1879, from the Judicial Commissioner, forwarding letter No. 151—110, dated 28th November last, and requesting the Chief Commissioner's decision on the question raised, whether or not a second fee should be paid for the execution in Mysore of warrants issued by the Coorg Courts under Section 2 of Act XIII of 1859.

ORDER No. 7291—J. 149, DATED BANGALORE, 12TH JANUARY 1880.

The arrangements made in Chief Commissioner's order No. 8761—J. 12, dated 21st January 1879, relative to the execution of criminal processes issued by Courts in the Madras Presidency and Mysore free of cost, are hereby made applicable to processes issued by Criminal Courts in Coorg, and shall apply to warrants or other processes issued under Section 2, Act XIII of 1859, for the apprehension of accused parties who may have failed to comply with an order of a Magistrate issued under that section and Act.

Notification No. 342, dated Bangalore, 26th March 1884.

In supersession of the existing orders on the subject, the Dewan directs that a fee of Rs 3 be charged for executing in Mysore the first warrant that may be issued from Coorg under the Breach of Contract Act.

The second and succeeding warrants will be executed free of all charge in cases in which the first warrants remain unexecuted.

CAMP No. 1234—41, DATED MYSORE, 16TH NOVEMBER 1886.

ORDER THEREON.—The attention of all Magistrates in Mysore will be drawn to the orders contained in the late Chief Commissioner's Proceedings No. 7291—J. 149, dated 12th January 1880. These orders are still in force, and under them "warrants or other processes issued under Section 2 of Act XIII of 1859 for the "apprehension of accused parties who may have failed to comply with an order of "a Magistrate issued under that section and Act" must be executed in Mysore free of cost in accordance with arrangements made in late Chief Commissioner's order No. 8761—J. 12, dated 21st January 1879, relative to the execution of criminal processes issued by Courts in the Madras Presidency, and afterwards extended to processes issued by Courts in Coorg by order No. 7291—J. 149, dated 12th January 1880.

2. Warrants issued by Magistrates in the Madras Presidency or Coorg under Act XIII of 1859, *other than under Section 2 of that Act*, must as heretofore be accompanied by a fee of Rs. 4 for each person whose arrest and delivery is required, for defraying all charges incurred within Mysore. Where any such warrant remains unexecuted, a second or succeeding warrant for the arrest of the same person will be executed in Mysore free of charge.

R. VIJAYINDRA RAO,
Chief Secretary.

To—All District Magistrates for information, guidance and communication to all Magistrates subordinate to them.

READ THE FOLLOWING PAPER :—

Tumkur Deputy Commissioner's No. 269, dated 27th August 1886, submitting the Budget Estimates of the Municipalities of the District for the year 1886—87.

No. 5456-68—161, DATED 4TH NOVEMBER 1886.

ORDER THEREON.—The present number of Municipalities in the Tumkur District is 13, or 3 more than in the past year, owing to the recent re-transfer of Kunigal and Huliyurdurga to this District and the constitution of a Municipality at Pavagada. The estimates of receipts and expenditure of these Municipalities for the current official year, together with the actual balances on the 1st April 1886, are exhibited in the following statement :—

RECEIPTS.

2. *Octroi.*—Under the recent orders of the Government, the octroi tax is confined to piece goods and sheep and goats in Tumkur and cloth in Huliyar.

3. *House-tax and Mohatarfa.*—The estimates under the house and mohatarfa taxes, compared with those of the past year, show differences as noted in the margin These differences should be explained.

4. *School Fees.*—The past year's budget of Kunigal provided Rs. 120 under School Fees and under this head no estimate is entered in any of the Municipalities of the District in the current year, while provisions have been made under Expenditure for the cost of English schools at Kunigal, Gubbi and Sira.

5. An estimate of Rs. 400 is entered for Tumkur under "Miscellaneous—5 Other Items, Sale of Manure, Market Rents, &c." The income from market rents should have been shown separately under VII Rents.

EXPENDITURE.

6. *Collection.*—A sum of Rs. 48 is newly provided in the budget of Kunigal on account of pay to the Shanbhog employed on mohatarfa collections in the town. The Shanbhogs collecting mohatarfa generally receive no other remuneration than their usual emoluments. This expenditure is therefore disallowed.

7. *II. Head Office Charges.*—The head office charges consist of the pay of Municipal Overseer on Rs. 20 per mensem debited to Tumkur and of the allowance of Rs. 8 payable to an Accountant in the District office for examination of Municipal accounts proportionately distributed among the several Municipalities of the District.

8. *Public Works.*—The proposed allotments under Public Works amount to Rs. 12,709 as detailed below :—

		Rs.
(*a*)	Original works	8,454
(*b*)	Compensation	0
(*c*)	Repairs, Municipal ..	3,875
(*d*)	Do Educational ..	380
	Total....	12,709

9. *IV. Police.*—The Deputy Commissioner is requested to furnish details for the provision of Rs. 1,582 under Police establishment.

10. *V. Education.*—The sum of Rs. 45 entered under this head for Gubbi is a new charge and requires explanation. The provision of Rs. 225 made in Sira is for the ¾ of the cost of the English school in the town, sanctioned in Dewan's Proceedings No. 2596—98, dated 26th November 1885, Educational Department. For the English school at Kunigal the amount provided for is Rs. 120. The Deputy Commissioner is requested to report whether the management of the school in the town referred to in para 7 of Dewan's Proceedings No. 3048-52—100, dated 27th August 1885, has been taken over by the Municipality.

11. *VI. Charitable Grants.*—The provision on account of the Dispensary in each of the towns of Tiptur, Maddagiri, Sira, Chiknayakanhalli and Kunigal is Rs. 20 in excess of the usual ⅓ share of the cost of Local Fund Dispensaries. A sum of Rs. 20 has also been entered under the head Dispensary in the budget of the Municipality of Pavagada, which, in Dewan's Proceedings No. 1144 (Camp), dated 4th October 1885, has been relieved of the ⅓ share of its Dispensary charges, owing to its income being insufficient to bear the charge. The estimate under this head in Tumkur is Rs. 120 being half of the past year's budget estimate. A provision of Rs. 60 has been newly made for vaccination charges in the District, the amount being debited to the marginally noted Municipalities. These differences have not been explained. The increases, however, appear to be due to the provisions made for the quota of the travelling allowances of Hospital Assistants and animal vaccination charges debitable to Municipal Funds.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 4th November 1886.

RECEIPTS.

2. *Octroi.*—In accordance with the orders contained in Dewan's Proceedings No. 3048-52—100, dated 27th August, and Camp No. 1138, dated 4th October, and No. 1596-7—80, dated 19th May 1886, no octroi is at present levied in the minor Municipalities of the Bangalore District.

3. *House and Mohatarfa Taxes.*—The estimated income from house-tax in Channapatna shows a decrease of Rs. 350 when compared with the sanctioned estimate of the past year. In Devanhalli no income is budgetted for under Oil-mill and Cart Taxes, under which Rs. 29 and Rs. 20 were respectively provided in the past year's budgets. These differences have not been explained.

EXPENDITURE.

4. *Collection.*—The provision of Rs. 60 made under Collection is on account of the remuneration of the Municipal Shanbhog at Channapatna at Rs. 5 per mensem, sanctioned in Dewan's Proceedings Camp No. 76—7, dated 21st November 1884.

5. *III. Public Works.*—The estimates under Public Works amounting to Rs. 11,438 are as shown under:—

	Rs.
(*a*) Original works	6,856
(*b*) Compensation	570
(*c*) Repairs, Municipal	3,232
(*d*) Do Educational	780
Total..	11,438

2.	Do additional sheds at market and V drains at Dodballapur	1,500
3.	Do drains, dust bins and tank work at Magadi.	1,500
4.	Do V drains at Channapatna	1,000

The principal original works budgetted for are noted in the margin.

6. *V. Education.*—The provisions made under this head of Rs. 120 in Closepet and Rs. 84 in Dommasandra on account of the allowances payable to the Mission schools at these places are, in accordance with the Proceedings of the Dewan in the Educational Department, noted in the margin. The charge entered for the school at Channapatna, *viz.* Rs. 441, is the same as the estimate of the past year, sanctioned in para 6 of the Dewan's Proceedings No. 3048-52—100, dated 27th August 1885.

No. D 201—3, dated 16th April 1886.
2836—39, dated 30th Dec. 1885.
2608—10, do 26th Nov. 1885.

7. The budgets of Dodballapur, Kankanhalli and Magadi provide for the one-fourth cost of the English schools at these places, while in the case of Devanhalli full provision has been made for the cost of its English school, which exceeds the sanctioned scale of the past year by Rs. 60. This increase, not being a sanctioned charge, will be disallowed and three-fourth cost of the estimated expenditure for the English classes in these four Municipalities, entered in the current year's budgets as directed in para 6 of Dewan's Proceedings No. 3048-52—100, dated 27th August 1885, and para 5 of Proceedings No. 2976-9—95, dated 22nd August 1885.

8. *VI. Dispensaries.*—The expenditure entered under this head is on account of the Dispensaries already existing at Dodballapur, Magadi and Closepet and for those newly opened at Channapatna, Kankanhalli and Anekal as well as for one proposed to be established at Hoskote. The provision for the last mentioned Dispensary is retained, pending the submission in the usual course of proposals for the establishment of a Dispensary at Hoskote. Provisions as noted in the margin have been made by this office for the furniture supplied to the three newly opened Dispensaries referred to and for the malnad allowance recommended to the Hospital Assistant in charge of the Dispensary at Kankanhalli.

9. *VII. Conservancy.*—No explanation is furnished for the increases provided for under the head Conservancy as shown in the margin. The increased provisions are however allowed to stand in the budgets subject to the submission of a report as regards the necessity for a Mutsaddi in the minor Municipalities of Dodballapur, Kankanhalli and Devanhalli and the work on which he is employed and whether any collection work is undertaken by him.

10. *IX. Lighting.*—With reference to para 10 of Dewan's Proceedings No. 3918-52—100, dated 27th August 1885, regarding lighting, the Deputy Commissioner remarks that the lighting expenses have been curtailed as far as practicable. In Devanhalli and Vadigenahalli, however, provisions have been newly made for lighting during the current year. Expenditure on account of lighting in places other than taluk head-quarters, such as Sarjapur and Vadigenahalli, appears to be unnecessary.

11. With the foregoing remarks the budgets under review are sanctioned.

RECEIPTS.

2. *I. Octroi.*—In accordance with para 2 of Dewan's Proceedings Nos. 1897-1902—64 and 3042-7—99, dated 30th June and 27th August 1885, respectively, the octroi is confined to cloth in Chitaldroog, Davangere, Harihar, Hiriyur and Hosdurga, while the remaining four newly constituted Municipalities derive no income from this source.

3. *VIII. Gardens.*—The budget of Chitaldroog provides under this head a sum of Rs. 700, which includes the balance of Rs. 546—2—10 on 10th August 1886 at the credit of the Mahal garden, recently transferred to the Municipality under Dewan's Proceedings No. 3766-7—56, dated 6th August 1886.

EXPENDITURE.

4. *I. Collection.*—The provision under Collection in Chitaldroog which is in accordance with the sanctioned scale of last year, *viz.* 1 Mutsaddi at Rs. 12 and Re. 1 for contingencies is approved. In Davangere and Harihar Rs. 114 and Rs. 88 respectively are entered for collection as shown in the margin, while these provisions appeared under the head Conservancy in the budgets of these towns for the past year. The work allotted to the Mutsaddi at these places should be reported.

	Davangere. Rs.	Harihar. Rs.
1 Mutsaddi	108	84
Contingencies	6	4
Total Rs.....	114	88

5. *II. Head Office.*—Under para 5 of the Dewan's Proceedings Camp No. 106—15, dated 16th May 1886, the moiety debitable to Municipal funds, of the charge on account of the pay of the Municipal and Statistical Clerk on Rs. 25 per mensem is Rs. 150. The budgets submitted provide for this charge besides Rs. 36 for contingencies, the total Rs. 186 being ratably distributed among all the Municipalities in the District. This provision is passed.

6. *III. Public Works.*—The allotments under Public Works amounting to Rs. 7,562 are distributed as shown below:—

		Rs.
(*a*)	Original works	4,688
(*b*)	Repairs, Municipal	2,530
(*c*)	Do Educational	65
(*d*)	Reserve	279
	Total....	7,562

7. *IV. Police.*—Last year, the Municipal Board of Chitaldroog proposed the abolition of one Jamadar on Rs. 20 per mensem and the Sub-Division officer recommended the abolition of 5 men also. With a view to the disposal of the matter in the Police Department, to which the Sub-Division officer was *asked to make a reference on the subject, the usual provision was allowed to stand. The current year's budget omits provision for the Jamadar on Rs. 20, whose post is said to have been abolished. It was also proposed to enlist Police for the town of Harihar out of contributions promised by the townsmen as referred to in para 11 of the Dewan's Proceedings No. 1897-1902—64, dated 30th June 1885. The Deputy Commissioner is requested to report what steps have been taken as regards the proposed reduction under Police charges in the town of Chitaldroog and the enlistment of Police in Harihar.

*Para 7 of Proceedings No. 3042-7—99, dated 27th August 1885.

8. *V. Education.*—Under Education the budget of Davangere provides a sum of Rs 423, which is ¾ of the cost of the English school at the station as detailed in the margin. The pay of the Head Master is entered at Rs. 25 or Rs. 5 more than the usual scale. This increase not being sanctioned, the charge is disallowed.

11. *IX. Lighting.*—The budgets of Chitaldroog, Davangere, Harihar, Hosdurga, Chellakere and Molkalmuru provide for expenditure under Lighting. The sum of Rs. 308 entered in Chitaldroog comprise the charges noted in the margin. The resolution of the Municipal Board, dated 5th June 1886, to let out on contract the lighting of the town, dispensing with the services of the Mashalchi was approved in Dewan's Proceedings No. 3766-7—56, dated 6th August 1886. The date from which this order has been carried into effect should be reported. The provisions under the head in Hosdurga and Molkalmuru are approved, as the Deputy Commissioner explains that these towns are situated at the foot of hills and that wild beasts often enter the towns and destroy cattle and poultry, and that lighting in them is consequently necessary. As regards the other towns the Deputy Commissioner is requested to report whether lighting except in the town of Davangere may not for the present be postponed and the sum utilized otherwise.

	Rs.

12. *X. Gardens.*—In para 9 of Dewan's Proceedings No 3042-7—99, dated 27th August 1885, the entertainment of a gardener for the maintenance of the Municipal garden at Chitaldroog was sanctioned. The Board, subsequently, in para

of their Proceedings, dated 5th June 1886, recommended the reduction of this ost and the transfer of the management and accounts of the Government Mahal ırden and its branch to the Municipality at that station. This recommendation as approved in this office Proceedings No. 3766-7—56, dated 6th August 1886. ccordingly the balance at the credit of the Mahal garden on the 10th August 86 was transferred to the Municipality together with the establishment of 3 Malis sting Rs. 180 per annum. The date from which the gardener referred to was duced should be reported.

13. *XII. Miscellaneous.*—Under this head the figures entered in budget Statement No. I of Hosdurga Municipality amount to Rs. 72, while those given in the detailed statement aggregate Rs. 27 as shown in the margin. The latter figure will be retained in the budget.

(*b*) Every tenderer must specify whether he tenders for the contract for three or five years, as well as the amount of minimum revenue which he would guarantee yearly to the Government during the period for which he tenders.

(*c*) No tender will be considered which guarantees to Government a minimum yearly revenue of less than seven and a half lakhs of rupees during the first two years of the contract or less than eight lakhs of rupees during the remaining year or years of the contract.

6. Each tender must be accompanied by a deposit of Rs. 1,000 in cash or in Government securities duly endorsed in favor of "the Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the manufacture and wholesale vend of arrack," and must be sent to the Chief Secretary to the Dewan at Bangalore so as to reach him on or before Tuesday the 15th February 1887, after which date no tender will be received. The tenders will be opened at the Dewan's Office by the Chief Secretary to the Dewan and the Deputy Commissioner of the Bangalore District at 12 o'clock noon on the 15th February 1887 in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Dewan who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application. The applicants whose tenders are selected for submission to the Dewan will be required to deposit at once, in cash or in Government securities, duly endorsed in favor of "the Dewan of Mysore," a sum equal to $\frac{1}{12}$th (or one month's instalment) of the minimum annual revenue guaranteed by them; failing which, the deposit made with the tenders will be forfeited.

7. The applicant, whose tender may be finally accepted by the Dewan, shall, within 8 days of the acceptance of his tender being communicated to him, deposit with the Deputy Commissioner of Bangalore a further sum in cash or in Government securities duly endorsed in favor of the Dewan of Mysore, to make up with the deposits previously made, a sum equal to one-eighth of the yearly revenue guaranteed, and shall execute an agreement in the prescribed form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement or to make the deposit required, the deposits already made will be forfeited to Government and the contract otherwise disposed of.

8. No tender proposing any modification of any of the terms of this Notification will be considered, and every tender shall be in the form appended to this Notification.

9. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

Conditions.

I. (*a*) The minimum annual revenue guaranteed shall be payable to Government in twelve equal monthly instalments. The contractor shall pay into the District Treasury of Bangalore the whole amount of the duty inclusive of the local cess payable to Government at the rates fixed by Government on the arrack issued from the distillery in each month on or before the 15th of the following month.

If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the instalment of the minimum guaranteed revenue for that month, the contractor shall pay such further sum as may be required to make up the deficiency. The excess sale of any month shall be available to make up any deficiency in any other month of the same official year. Such portion of the duty on excess sales in any one month as may be over and above the deficiency which may have been made good by the contractor in any previous month or months of the same official year shall be paid into the Government Treasury along with the minimum guaranteed revenue for the month in which duty on excess sales has been realized ; and the payment shall be accompanied by a stamped receipt signed by the contractor or his agent for the amount of duty on excess sales appropriated by him towards reimbursing himself for any deficiency made good by him in any previous month or months of the same official year.

If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding ; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor, including cash at wholesale depôts, in the manner provided for by the rules for the time being in force for the recovery of arrears of land revenue. And it shall further be at the discretion of the Dewan upon the report of the Deputy Commissioner of Bangalore to declare the contract cancelled, to direct the forfeiture of the deposit made by the contractor, and to cause the business to be carried on by Government officers or otherwise, at the expense and risk of the contractor, during the unexpired period of his contract.

he accounts for each year shall be closed separately. If the duty payable to Government on the arrack issued during the year exceed the minimum revenue guaranteed for the year, the contractor will be allowed a deduction from the duty payable by him equal to 1 anna on every rupee of the amount of such excess. But the excess of one year will not be available to make up any deficiency in the amount of the guaranteed revenue of any other year of the contract.

The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be fixed by the Deputy Commissioner, and to establish wholesale depôts in such places as are specified in condition VII. The distillery and depôts shall be open at all times for inspection by the Deputy Commissioner or any official appointed for that purpose, or by the Head Supervisor or other officer in charge of the Government Distillery for the time being, to whom all the distillery keys duly sealed shall be delivered after work is closed each day, for custody with the guard on duty. No arrack shall be taken out of the distillery until it has been measured and tested by an official appointed for that purpose. The contractor will further be required to pay monthly to Government a rent of Rs. 250 for the use of the distillery buildings and water supply and to keep the said buildings and channels in a state of thorough repair. The Executive Engineer will inspect the buildings and water supply channels quarterly, and note in a book to be kept for the purpose at the distillery, the state of the buildings

and channels, and point out what should be done, to the contractor or his agents or employés present. A copy of these notes will be sent to the Deputy Commissioner, and a separate copy shall be communicated to the contractor. If within 15 days after the Executive Engineer's inspection the needful work be not executed by the contractor, the Executive Engineer will at once have the work done departmentally, and the Deputy Commissioner shall recover the cost thereof from the defaulting contractor in accordance with rules for the time being in force for the recovery of arrears of land revenue.

(*b.*) The contractor shall further pay monthly a cess of half anna per gallon on all arrack issued from the distillery, for the up-keep of the distillery establishments and the supervising and detective staff and the contingent charges connected therewith.

(*c.*) The rent for the distillery buildings and the establishment cess specified in the two preceding paras shall be paid by the contractor into the Bangalore District Treasury without fail, along with the monthly khist on the 15th of the month following that for which the same may be due. Failure to do so will entail recovery thereof as an arrear of land revenue under the rules in force for the time being.

(*a.*) The old contractors shall give and the new contractor shall as usual take over any arrack which may remain as stock in hand on the 1st April 1887, paying for the same such compensation as may be fixed by the Deputy Commissioner with the sanction of the Dewan. Such stock shall not ordinarily be in excess of that manufactured monthly on an average for the past 36 months.

(*b.*) Should the new contractor so require, the old contractors shall cease preparing "wash" from the 1st March 1887, and vacate the buildings to admit of the new contractor commencing operations from the same day. Notice to this effect should be given in writing to the old contractors not later than 22nd February 1887. Should no such notice be given, the old contractors will continue distilling only till 31st March 1887, and must by that date utilize all the wash they have on hand.

(*c.*) All apparatus belonging to the old contractors with the exception of any permanent fixtures erected by them shall be removed by them within one week of their ceasing to manufacture under this condition. Failing this, the Deputy Commissioner will cause the same to be removed at the old contractors' expense.

(*d.*) If any stock and block belonging to the old contractors be required by the new contractor, he shall give notice to the old contractors, within the 1st March 1887, of his intention to purchase them at a fair valuation, and in case of dispute, the Deputy Commissioner will decide what such fair valuation shall be. But if no such notice be given within the 1st March 1887, the old contractors shall be at liberty to remove the same leaving the new contractor to make his own arrangements in the matter.

(*e.*) The rules laid down in the condition shall apply *mutatis mutandis*, to the contract for which tenders are now invited.

The arrack manufactured shall be of good quality. The articles used in distilling shall be approved by the Deputy Commissioner and be of good quality, and shall be shown to, and passed by, the Distillery Supervisor or other official appointed for the purpose before being received into the distillery. No ingredients obnoxious to health shall be used in distilling or put into the arrack after it has been made, and all the ingredients used shall be in the established initial * proportion or in such other proportion as may hereafter be fixed by Government, so as to ensure a proper control by the officers of Government over the results of the distillation effected by the contractor daily. Standard Saccharometers by Long and Dring and Fage for determining the gravity

* Three maunds of good cane-jaggery to 2 maunds of date-jaggery or molasses, with 3 seers of good stem bark (red babul, *beladachakke*) per maund of jaggery used. If necessary cane-jaggery alone may be used.

of the "wash" in its several stages till distilled, shall be kept by the contractor, and a true and correct record maintained for verification and check by Excise officers.

VI. The contractor shall keep true and correct accounts in the prescribed forms of his receipts and disbursements, and of the quantity and strength of the spirits manufactured, received and issued in the distillery and in each depôt, and of all the materials received and expended daily at the distillery. The cash accounts of the contractor shall be posted up daily, each item of purchase of stock being duly vouched, and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Head Supervisor, duly attested by the contractor or his agent. He shall produce all such accounts whenever required to do so for inspection by the Deputy Commissioner, the Head Supervisor or any other official appointed for the purpose, and furnish the Head Supervisor with an authenticated copy of such details as he may require from time to time.

VII. The distiller shall be bound always to have a month's supply and not less than 16,000 gallons of liquor in store, and in order that this may be the case from 1st April 1887, he will be allowed to commence distilling before that date, provided that no liquor so distilled shall be sold or passed out of his custody or that of his employés before the 1st April 1887, except under passes signed by the Head Supervisor for retention at wholesale depôts intact till the said date. The contractor shall be allowed to have wholesale shops in all Taluk kasabas and large towns and at such other places as may be determined by the Head Supervisor with or in anticipation of, the approval of the Deputy Commissioner within whose jurisdiction they may be situated, and with due regard to the convenience of the retail vendors. The contractor shall keep such wholesale shops always properly supplied with stock, as specified in the Wholesale License Rules. "Short stock" and "no stock" at such wholesale shops will entail double the value of the deficient quantity being levied as a penalty, out of which, the loss if any sustained by the retail vendors will be paid to them. A list of all places at which wholesale shops now exist will be furnished to the contractor on application to the Deputy Commissioner or the Head Supervisor. The contractor shall pay the prescribed license fee of Rs. 2 per shop per month.

VIII. The contractor shall not sell arrack by retail either in the distillery or in the wholesale shops except as provided for in the rules laid down under Conditions XI and XIII.

IX. The retail shops will be under the management of the Deputy Commissioners of the Districts, and in Municipal towns, where so ordered by the Dewan, under the Municipal President or Vice President of such towns. They are competent to order any shops to be closed on grounds of public expediency without any claim to compensation on the part of the contractor or the retail vendor. For jatras, santes and festivals, additional time will be freely granted by Amildars to keep open wholesale depôts or retail shops.

X. (*a*). Licenses in the prescribed form will be issued by the above-mentioned officers for retail shops at all Taluk kasabas, head-quarters of Hoblis, large villages and at such other places in which there may be a public demand therefor, as may be appointed by the Head Supervisor with or in anticipation of the approval of the Deputy Commissioner. All existing shops shall be confirmed. On the 1st April 1887, Amildars will take stock at wholesale depôts, preserving a bottle of liquor well corked and sealed for inspection of the Excise officer. Any addition to, or reduction in, the number of retail shops at any particular place shall be determined with reference to the sales therein.

(*b*). No fee shall be charged for licenses issued for retail shops nor will any charge be levied on account of excess sales in retail shops throughout the Province with the exception of the City and the Civil and Military Station of Bangalore, where the Municipal Boards will continue to levy such rates of license fees and such charge on account of excess sales as may from time to time be fixed by the Government.

(*c*). In lieu of the license fees and the charge on excess sales thus relinquished, a uniform fee of 2 annas per gallon shall be levied upon all liquor issued to places other than the City and the Civil and Military Station of Bangalore. The contractor shall pay this fee into the Government Treasury along with his monthly instalments, and shall be entitled to recover it from the retail vendors in addition to the wholesale price specified in condition XIII. Should the contractor fail to pay the fee as aforesaid, it shall be recovered from him as an arrear of land revenue.

(*d*). The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions The retail vendors will be required to procure their liquor from such wholesale shops as may be nearest to them. They will also be required to permit the contractor or his agent, the Excise officers, or any public servant duly authorized, free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts in the prescribed forms of the quantity and strength of liquor received by them each day, and the prices charged for the same, and to produce the accounts for inspection whenever required so to do by the contractor or his agents, or any Government official authorized to call for them. The contractor, his agents or employés shall not directly or indirectly, have any connection or interest in the retail shops.

XI. The following rules regarding the issue of the arrack from the distillery shall be observed :—

(*a*) No arrack shall ordinarily be issued at a strength above 20° under Proof, but should the contractor or retail vendor desire to issue at a higher strength than the above, the spirit so issued shall not be of a greater strength than Proof. Liquor of strength at Proof shall be issued from the distillery in two dozen quart bottles, four dozen pints and so on for lower denominations of flasks as for English and foreign spirits; and it shall be sold by wholesale to retail vendors in bottles to be provided at the contractor's expense intact as issued from the distillery with the seals and labels affixed on them by the Head Supervisor and under cover of the Head Supervisor's passes. In cases in which breakage in transit may be apprehended, the Head Supervisor will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such liquor will be sent from the distillery for the purpose. The retail vendors shall issue such liquor only to respectable persons known to them on separate passes granted by the Head Supervisor to the retail vendors, and both wholesale and retail dealers shall account for such sales separately in the forms prescribed.

(*b*) Should the contractor wish to issue liquor of higher strength than Proof, he should obtain the special orders of the Deputy Commissioner therefor, through the Head Supervisor, who shall quote the same and issue passes accordingly to wholesale shops, and liquor so issued shall be sold and accounted for, as provided in clause (*a*) of this para.

(*c*) All liquor issued at a strength above 20° under Proof and up to Proof shall be charged the duty on Proof, the rate on above Proof being raised proportionately according to the hydrometer's scales in terms of 10 degrees.

(*d*) No spirit below 20° under Proof shall be ordinarily issued from the distillery, but should there be a demand for liquor of lower strength than 20° under Proof, liquor at 30° under Proof may be specially issued from the distillery at proportionately reduced rates of duty, such liquor being kept and accounted for separately both in the wholesale depôts and in the retail shops.

XII. The arrack shall be sold as issued from the distillery and shall not be adulterated or diluted in any manner either in the wholesale or retail shops. But distilled water may be used at the distillery under the supervision of the Head Supervisor for the purpose of reducing the strength of the liquor.

XIII. The Government duty including the local cess of one anna in the rupee payable on arrack of the strength of 20° under Proof as well as the prices at which

the same shall be sold (unadulterated and undiluted) at the wholesale and retail shops are hereby fixed as specified in the following table:—

	Spirits 20° under Proof.											
	Duty per Gallon inclusive of local cess.			Wholesale price per Gallon.			Retail price.

Throughout the Province	3	5	0	4	6	4	5	0	0	0	1	8

(*a*) The prices for Proof and 30° under Proof and the duty chargeable thereon as well as for all strengths over and under those strengths, shall be regulated proportionately on the rates above specified for 20° under Proof in accordance with Casella's rules which accompany each case of Government hydrometers. Nothing in these rules shall preclude the Head Supervisor, upon written application made to him for that purpose, from granting to respectable private individuals for *bonâ fide* private use but not for sale, and to hospitals, museums and other public institutions, liquor of any strength manufactured at the distillery, at wholesale rates of price, in quantities of not less than one ordinary quart bottle.

(*b*) The contractor may, with the permission of the Deputy Commissioner of Bangalore, manufacture milk-punch or any other sweet liquors under the supervision of the Excise officers, who will see that the duty on the spirit so utilized is fully brought to book ere masked by the addition of saccharine or other ingredients used in the preparation thereof. Such sweet liquors, when duly sealed and labelled by the Head Supervisor at the contractor's expense, may be sold direct from the distillery or placed for sale at retail shops. The prices at which such liquors shall be sold will be regulated by the Excise Department.

XIV. On account of wastage, a discount or deduction of 2 per cent shall be allowed on the duty payable on liquor issued from the distillery for sale beyond the Municipal limits of the City and Civil and Military Station of Bangalore. The contractor shall insist on the wholesale vendors charging in their accounts only the actual bung and stand wastage so as to ensure the correctness of the accounts.

XV. The contractor shall cause every person whom he may employ to superintend distilleries or wholesale shops or depôts, to execute, previous to such employment, such engagements as are compatible with the above conditions, and such engagements shall be deposited with the Deputy Commissioner of the District in which such servant is employed within one month from the 1st April 1887. The contractor will moreover use his best endeavours to secure on the part of all persons employed by him in the manufacture, carriage and sale of arrack, a strict adherence to the provisions of the engagements entered into by them, and of the law, and if it come to his knowledge that a breach of those provisions has been committed, he shall at once, through the Head Supervisor, bring the circumstance to the notice of the Deputy Commissioner of the District in which the breach took place in order that the penalties prescribed for the offence may be enforced. The Deputy Commissioner may summarily fine the offender and may further require the contractor to suspend or dismiss the offender from his service.

XVI. The contractor shall conform to any additional rules that may be prescribed from time to time by the Government, and he shall see that all his employé give full effect to the rules and orders passed by Government for the custody and regulation of the stock distilled and passed out, the cleanliness of all vessels used, the tinning of metal vessels, the watch, ward and sanitary condi

tion of the enclosure and other matters affecting either the Government or the contractor's interests, or both. All still heads, pipes and worms used for the distillation of liquor shall be of cast tin; but if copper heads, pipes and worms are used, they shall be properly and efficiently lined with tin at prescribed intervals.

Sundays and authorized holidays shall be observed as close holidays and no issues made or distillation carried on on such days. Notice of such holidays will be given to all concerned at the beginning of every year.

XVII. If any wilful breach of any of the above conditions is committed by the contractor, or with his connivance and privity by any of the men employed by him in the manufacture, carriage or sale of arrack, it shall be at the discretion of the Dewan, to cancel the contract and declare the deposit forfeited and cause the business to be carried on as provided in condition I.

XVIII. The Government may allow the contractor, subject to such conditions as may be prescribed by Government in that behalf, to manufacture and sell Colombo or other kinds of arrack or liquor, but no deductions shall be allowed therefor on the revenue realized from the ordinary country arrack adverted to in this Notification.

XIX. The powers and duties conferred and imposed upon Deputy Commissioners by the foregoing conditions shall be exercised and performed within the Civil and Military Station of Bangalore by such officer as the Resident may appoint.
